⚠️ WARNING: Failure to follow these warnings and instructions could result in serious injury or death.

SUDDEN INFANT DEATH SYNDROME (SIDS) HAZARD: Discard all packing materials immediately after opening. Plastic bags and ties may cause suffocation or choking.

**BASSINET WARNINGS**
- FALL HAZARD - To help prevent falls, do not use this product when infant begins to push up on hands and knees or has reached manufacturer’s recommended maximum weight of 18 lbs, whichever comes first.
- DO NOT allow children to climb or play on or under unit in any configuration.
- DO NOT use the Sleeping nest separately.
- △ WARNING – To prevent serious or fatal injury from falls always keep child within arm’s reach. Never leave your child unattended.

**SUDDEN INFANT DEATH SYNDROME (SIDS) HAZARD**
Infants have suffocated
- In gaps between extra padding and side of bassinet/cradle, and
- On soft bedding
- Use only the pad provided by manufacturer. Never add a pillow, comforter or another mattress for padding.
- If a sheet is used with the pad, use only the one provided by Arm’s Reach®.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.
- Always use ALL required parts for each use mode. Check instruction manual for a list of required parts.
- Periodically check product for loose, damaged or missing parts.
- The anchor plate and straps should be used when the product is placed next to adult bed.
- When the sleeping nest is positioned on the adult bed to facilitate co-sleeping always use the anchor plate and straps.
- NEVER LEAVE your infant unattended in this product.
- Strings can cause strangulation! Never place items with a string around a child’s neck such as hood strings or pacifier cords. DO NOT suspend strings over the unit in any configuration or attach string to toys.
- NEVER use plastic shipping bags or other plastic film as mattress covers not sold and intended for that purpose, they can cause suffocation.
- STRANGULATION HAZARD: When anchor plate and strap assembly are not in use, store in a safe place not accessible to children.
- DO NOT place product near a window where cords from blinds or drapes may strangle a child.
- Keep the bassinet away from stoves, heaters, campfires and other hazards.

**MOBILE BATTERY WARNINGS**
- Battery Type Recommended two (2) 1.5V, AA batteries (not included).
- Do not mix new or old battery.
- Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
- Non-rechargeable batteries should not be recharged. Otherwise, they may explode or leak.
- Keep batteries out of the reach of children.
- Dispose of batteries in the proper container.
- Always take care to insert your batteries correctly, observing the plus and minus marks on the battery and appliance.
- Always remove dead batteries and all batteries if you are not going to use the mobile for long periods.
- Never dispose of batteries in a fire as the way may cause them to explode.
- Children can choke on batteries. If swallowed seek medical advise immediately.

**Cleaning and Maintaining**
Spot clean with soft clean damp cloth.
Laundering fitted sheet: Machine wash on lukewarm setting Tumble dry on low setting. NO BLEACH.
Parts List

A. Mobile
B. Mattress with fitted sheet
C. Sleeping nest
D. Left bracket
E. Nest supporting bar
F. Right bracket
G. Bottom connecting bar
H. Anchor plate and strap
I. Telescoping foot
J. Screw (M5*25mm) 2 pcs
How to assemble Sleeping nest

**Step 1**
Place Sleeping nest bottom upward. Pull the side tubes upright.

**Step 2**
Slide the plastic holder of sleeping nest base into opening at bottom of side tube. Plastic holder "clicks" when properly locked. Repeat on other side. Pull the side tube to ensure it is properly locked in place.

The Sleeping nest is assembled.

⚠️ **WARNING:** DO NOT use Sleeping nest separately.

How to assemble bassinet

**Step 1**
Press down on the spring pin located on Telescoping foot (I), push the Telescoping foot (I) over the spring pin until it is locked into the left and right brackets (D & F).

**Step 2**
Align the left end of Nest supporting bar (E) with the left bracket (D). Press down on the spring pin located on the left bracket (D), push the nest supporting bar (E) over the spring pin until the spring pin is locked. Repeat process connecting the bottom connecting bar (G) to the left bracket (D). Repeat process to connect the right side bracket (F).

**Note:** The end with dent on Nest supporting bar (E) must be matched to the right side bracket (F).
How to assemble bassinet

Step 3
Align left plastic receiver of Sleeping nest (C) with top end of the side bracket (D), push it into side bracket and connect with provided screw (J) with Phillips screwdriver. Repeat on the other side. Pull sidewall of Sleeping nest up to ensure it is properly attached.

Note: If the plastic receiver does not fit over the side bracket, turn the Sleeping nest to the opposite side.

Step 4
Place mattress with sheet (B) into Sleeping nest. Install the Mobile (A) into plastic holder on top rail of sleeping nest.

How to adjust the height of bassinet

For raising the product, step on center of the bottom connecting bar (G) to stabilize the bassinet, hold both sides of sleeping nest rail to pull up to the desired bed height.

Note: The digital mark on the back of legs indicates height. The left and right brackets must be adjusted to the same height before use.

Never adjust bed height with your baby in the bassinet.
NEVER USE this product with two different side heights or creating a incline sleep position. Always check the digital height adjustment numbers to ensure the sleeping nest is at even surface. Failure to do so could result in serious injury of death to the infant.

For lowering the bassinet, find plastic handles on left and right brackets (D) and (F), pull both sides up at the same time to release locks, while pushing Sleeping Nest down to the required height.
How to use mobile

1. Unscrew the small plastic cover and install two (2) batteries (1.5V* AA).

2. Push the middle button to active music. Press the left button to cycle different music. Press the right button to cycle through sound options.

3. The mobile arm can be turned left or right for the purpose of retrieving infant from standing position.

⚠️ WARNING: DO NOT use mobile arm as a handle. Don't hang anything on mobile except provided toys.
How to attach the bassinet to adult bed

Never use this product in co-sleeping mode without the anchor plate and straps securely attached to the adult bed.
Adjust the bassinet to match the height of adult bed properly. Slide the anchor plate and straps under the mattress, placing the anchor plate flush against the mattress on the opposite side from this product. Connect the male buckle of both straps of anchor plate to female buckle on the side brackets of the bassinet.
Make both straps as tight as possible against the parental bed. When bassinet is tight and ready to use, roll the excess strap up and secure it with elastic loop. Always tighten straps before each use.

Note:
The telescoping foot (1) is retractable. If there is space between the floor and the bottom of adult bed, the bassinet feet can slide under the adult bed as Fig. 1 and 2.
If the adult bed frame rests on the floor, secure the product to the adult bed by securing the anchor plate and strap as Fig. 3 and 4. Tightening the straps while pushing the product forward so the feet retract.
With proper adjustment of the height of the product, the sleeping nest can rest on the parental bed, or slightly above to facilitate easy access to your infant.

⚠️ WARNING: For extra security attach the anchor plate and strap to the adult bed when the product is in Co-Sleeping mode. Make sure all anchor straps are secured and tight. Check straps before each use.

⚠️ WARNING: STRANGULATION/CHOKING HAZARD
Do not allow excess strap (or any other loose object) to find its way into this product. Do Not allow excess strap to lay loose on floor because someone may trip over it.
